The Boston Globe

A plum spot for a boutique hotel

When you stand in the Lark Suite on Blue's top floor, you have 360-degree views of Plum Island, Newbury, and Newburyport," says Blood. "I can't think of a place in New England that matches the raw beauty of that part of Plum Island with the Atlantic 50 feet away, the salt marshes, and the dunes all within just a couple of steps."

Guest rooms are outfitted with iPads, Apple TVs, Tivoli Bluetooth radios, in-room refrigerators, wine glasses, and bath amenities from **LATHER.**
