**Sneak Peek: The Gorgeous New Rooms at
Four Seasons Lana'i, Hawaii**

Showers are stocked with all-natural Aina products, made using the essential oil of kukui nuts sourced from Alberta's Farm, an organic, 18-acre farm ten minutes from the property. Added bonus: Not only do the products smell heavenly (such as a cocktail of pineapple, ginger, and plumeria), they're also free of parabens, phthalates, sulfates, and synthetics. Aina products were such a hit with guests that they're now able for purchase in full-size bottles at the hotel's spa.
