THE NEW KID: THE MODERN HONOLULU

themodernhonolulu.com

It's hard to strike the perfect balance of hip and cool in hotels, but The Modern Honolulu hits it out of the park with its irresistible blend of cosmopolitan chic and a relaxed beachy vibe. Just a few barefoot steps away from white, sandy beaches, The Modern has it all: top-rated restaurants, cabanas

by the pool, opulent rooms and an attentive staff. Be sure to make time for the brand-new LATHER Spa, where a creamy white palette visually calms, wafts of lemongrass and passion fruit fill the air, and the treatments feel oh-so *ahhh*. End your day with LATHER's modern take on the ancient Polynesian tradition of the Lomi Lomi massage, and then saunter up to the adults-only Sunset Pool and relax in warm, soothing waters as you watch the sun set in a spectrum of colors.
